

TowerCare Technologies Launches New Partnership Programs and [DonorPro](#) Release 6.1

Pittsburgh, PA (May 19, 2009) – TowerCare Technologies, Inc. has announced a [Partnership Program](#) for nonprofit industry consultants. With this program, TowerCare will educate nonprofit industry consultants on its flagship product, DonorPro, it's easy to use, affordable [constituent management software](#) for fundraising. These nonprofit consultants will then be able to help their clients evaluate the use of donor/donation management software and determine if DonorPro is the right fit for their organizations. As part of an ongoing effort to make nonprofits aware of the best resources available to them, TowerCare will also spot light its nonprofit consultant partners on its website and feature them in a directory circulated to all DonorPro clients.

TowerCare continues to enhance DonorPro based on feedback from customers and new industry trends. DonorPro Release 6.1, available in June 2009, will contain many new enhancements such as advanced import functionality that provides users with the ability to easily and automatically upload all types of information from other third party applications in to DonorPro. Release 6.1 will also showcase new partnerships with Wealth Engine and ShowClix.

TowerCare's partnership with [WealthEngine](#) means that clients will now have a direct link between DonorPro and WealthEngine's tools for prospect identification, donor research and wealth screening.

[ShowClix](#) integration with DonorPro's event management module provides an easy and affordable way for clients to promote their fundraising events and sell tickets or collect fees online, by telephone, or directly at the event through point of sale to attendees.
